On Thursday the annual meeting [illegible] o'clock A. M., when the treasurer submitted his annual report. Resolutions, suitably expressing the respect and appreciation of the Convention for its former treasurer, Ezra P. Beal, esq., recently deceased, was passed. Report of Executive Committee was accepted, also of Committee on Fellowship and Discipline. Various resolutions, relating to the diverse interests of the denomination, were passed and Committees respectively appointed to carry the same into execution. The most important work of the session, in its bearings upon the future welfare of the denomination, was the appointment of a Commission to consider present wants of, and to devise and execute measures for, the furtherance of the cause in this State. The Commission consists of eighteen members representing the best talent of the denomination, men of energy, sagacity and influence.

Council adjourned to meet at Bangor, June, 1873.

From 5 to 7 a. m. there was a prayer meeting; at 3 o'clock the second session of the woman's meeting was held, at 10 o'clock Rev. Dr. Sawyer preached in the Town Hall; at 2 p. m. communion service were observed at the same place, and in the evening the concluding religious services were held.

These meetings closed up the most spirited and harmonious gatherings of the Universalists in Maine.

FARM HORSES.—While we have attended to a prominence in the racing world second only to Great Britain, and are pre-eminent as breeders of trotters, we are sadly behind the times, and can produce but very few superior draft horses. While in other breeds we rank with other nations, we must confess that our draft horses are sadly common-place.

Proper attention is not given to the science of breeding. The majority of people do not pause to study the horse, to observe its characteristics; if he possesses a high sounding name, an astonishing record and a dazzling pedigree, it is sufficient.

Too many farmers breed from horses celebrated only for speed; horses that possess neither beauty nor endurance, but having gained a local celebrity, are immensely popular in the neighborhood where they stand.—Every colt now-a-days is an embryo Dexter farmers, as soon as the colts are foaled, see the style, the action and the infallible sign that bespeaks 2:17 1-4. We search too much for speed and too little for beauty and endurance; we have unhealthy hungerings for the former and do not give sufficient attention to the latter. In nine cases out of ten, horses are not fitted for the road, for the fast work for which they are bred; they are unsuitable for the plough or the dray; from the delicacy of their constitutions, and are consequently useless. Then, in view of these facts, it is necessary that farmers instead of trying to breed trotters, should endeavor to raise good serviceable horses,—horses fitted for any and all work, no matter how heavy or how light,—the plough, the coach or truck.

In many localities there are stallions standing and being served to mares that are entirely unfitted for the service of the stud; they are horses whose progeny neither show style, beauty nor endurance, and yet the public fail to see the worthlessness of these horses and continue to breed from them. Under these circumstances our horses cannot be improved; they will deteriorate.—[Turf, Field and Farm.

The strikes in New York are practically ended. Great preparations are said to be making for another parade on the 1st of August, but the agitation seems to have almost wholly subsided, and the workmen are returning to their avocations at the rate of four hundred and five hundred a day.

Republican State Nominations.

RISING TO EXPLAIN

Our quondam Democratic organs find it necessary to rise to frequent and perplexing explanations to overcome the astonishment of their followers in being requested to gulp down all their former doctrines and work for the election of that old Black Republican, Horace Greeley. Our city contemporary having the fortunes of a Congressional candidate to look after, is compelled to make the stultifying process as mild as possible and fearing to meet its constituents on the intimate terms of the past it seeks to soar above their comprehension in an atmosphere of high sounding generalities. The readers of the Democrat however, have not forgotten all its teachings, among which the following declaration was vigorously reiterated during the last campaign —

One thing is certain if the Democratic party cannot win success on its principles and on men within its organization who represent its principles it cannot win at all

This other extract glowingly indorsed by the present editor of the *Commercial* was cherished in the inmost heart of its uncompromising Bourbon disciples —

Expediency and policy are blowing in almost every wind, but it is never expedient to abandon honest conviction. We never can conquer an enemy by taking possession of his abandoned rear * * * [illegible] *such a thing is to eat dirt*

This was in opposition to the [illegible] "new departure" attempted by the Democracy last year, which the Democrat denounced as a shameful desertion of principle and a fatal surrender to the enemy [illegible] the same class of readers to find their former oracle advocating the complete repudiation of every portion of the creed and the [illegible] ment of Horace Greeley whom it has taught them to regard as the embodiment [illegible] central [illegible]ization of hatred [illegible] their party and its doctrines. The unfortunate political caterer fearful of awaking the echoes of the past and at a loss for any adequate apology has at last struck upon a convenient phrase and hastens to explain that the remarkable situation is entirely attributable to 'sentiment.' Hear the [illegible] explanation of the anomalous combination in which Emery and Greeley make their bow to the public on the same platform

What explanation can be given of all this? We can find but one at all adequate. It is an all pervading irresistible *sentiment*—a sentiment that the centralizing tendencies of the times must be resisted and checked—a sentiment that *reform* [Another handy word] must be had in government—a sentiment that on these great points is a vast majority of the people of the Union [The word [illegible] mitted nothing [illegible] thinking alike [illegible] a sentiment that all who think alike must act together

That is the best our neighbor can do and considering the peculiar and exasperating embarrassment of a past that will not down at bidding we think it gets through its mummery very well. But we cannot place reliance in the pleading of so recently converted a Greeley candidate and seeking elsewhere, we find the N Y Journal of Commerce, a staunch and influential Democratic organ, whose editor is not a candidate for office, furnishing a very different and Easy Explanation' of the '*apparent enthusiasm*' of Democratic Conventions for Greeley. The special objects may not be the same in every State as in the case cited but the hungry trading unprincipled spirit of the movement is the same throughout. The Journal says —

Some of the apparent enthusiasm of Democratic State conventions for Mr Greeley is not difficult to be accounted for. Take the case of Illinois. There the Democrats have been in a hopeless minority. In 1868 on a full vote General Grant had a majority of 51,150, and in 1871 Beveridge (Republican) was chosen Congressman at large by a majority of 21 020, the whole vote cast being but little over half of that at the last Presidential election. The Illinois Democrats are willing to do almost anything *to carry some of the State* [illegible] Voters [illegible]. Alone they are powerless but by availing themselves of the split in the Republican ranks and giving half of the State nominations to the Liberals and ratifying the Cincinnati platform and nominees as a make weight they hope to revolutionize the State. With the Illinois Democrats it is a coalition with the Liberals or nothing at home. Their action at the convention on the 26th is [illegible] *trading by the politicians.* It remains to be seen whether the people will ratify it at the polls in the event of Mr Greeley's nomination at Baltimore. If the surmises of some of the shrewdest politicians are correct, not a few of these Democratic State endorsements of Mr Greeley are given without the remotest idea that all the Democrats will approve of them but only to influence State issues by bringing about a coalition of Democrats with Liberal Republicans. In Illinois the Liberal Republicans themselves are not necessarily very warm for Mr Greeley and are tempted to join the Democrats with the hope of taking half of the State offices. With both parties *the chief motive of the union is a division of the offices and patronage of the State* —not the nomination of Mr Greeley at Baltimore, and his election to the Presidency

"I venture to suggest that Gen Grant will be far better qualified for that momentous trust of the presidency] in 1872 than he was in 1868 —HORACE GREELEY

The Brooklyn Eagle was one of the first Democratic papers to indorse Greeley and its editor was chairman of the Convention at Rochester which struck a bargain with the Tribune people by which Greeley delegates were sent to Baltimore and the Liberals were to support the Democratic State ticket.—Here is what the New York World, another Democratic paper says of the Eagle —

Let every resident of Brooklyn who may have hereafter to wade down the dismal columns of that blanket sheet the Brooklyn Eagle, remember that it is owned, controlled, and published by the very foremost members of that [illegible] Ring of public thieves with whose record we have not half finished.

A Washington special says. "Senator Sumner has been diligently at work on objects entirely unconnected with politics since the adjournment of Congress, and there is not the slightest foundation for a report telegraphed hence that he is engaged in the preparation of an elaborate speech attacking the financial policy of the administration."

Judge [illegible] of Ohio, [illegible] the Cincinnati Convention [illegible] character, [illegible] and Frank Blair."

INTERESTING TO PENSIONERS. The Commissioner of Pensions has issued a circular with reference to the increase of pensions under the act of June 8, 1872, which provides. * * * "That all persons entitled by law to a less pension than hereinafter specified, who, while in the military or naval service of the United States and in line of duty, shall have lost the sight of both eyes, or shall have lost both hands, or shall have lost both feet, or been permanently and totally disabled in the same, or otherwise so permanently and totally disabled as to render them utterly helpless, or so nearly so as to require the constant personal aid and attendance of another person, shall be entitled to a pension of thirty-one dollars and twenty-five cents per month, and all persons who, under like circumstances, shall have lost one hand and one foot, or been totally and permanently disabled in the same, or otherwise so disabled as to be incapacitated for performing any manual labor, but not so much as to require constant personal aid and attendance, shall be entitled to a pension of twenty four dollars per month, and all persons who, under like circumstances, shall have lost one hand, or one foot, or been totally and permanently disabled in the same, or otherwise so disabled as to render their incapacity to perform manual labor equivalent to the loss of a hand or foot, shall be entitled to a pension of eighteen dollars per month, from and after the fourth day of June, eighteen hundred and seventy two"

The Commissioner says

Persons who are already pensioned under the former act (that of June 6, 1866) at either of the rates of fifteen, twenty, or twenty five dollars, are entitled to the increased rates provided by the latter act, and may secure such increase without formal application and without the intervention of an attorney, nor will any attorneyship be recognized in such cases

A letter from the pensioner (pensioned as above) addressed to the Pension Office Department of the Interior, Washington, D C inclosing his present Pension Certificate, and giving his Post Office address will be a sufficient presentation of his claim for the increase

The certificates will receive such indorsement by the Pension Office as will authorize the payment of the increased rate, and will then be forwarded to the Pension Agency at which the pension is payable, and the pensioner will be notified of such transmission

The opposition papers and the Liberal orators are constantly ringing their meaningless changes on bayonet rule in the South. The Alabama State Journal, edited by a native of the State and a man of integrity says —

Monstrous and incredible as are the crimes developed by the judicial tribunals of the United States in Alabama they have ceased to be matters of conjecture and have become facts in history. What men believed and feared they now know

Men hoary from the weight of years, youths verging to maturity of manhood now fill the cells of convicted and condemned felons, because of wanton wrongs done to country and outraged human nature

The only bayonet rule that has been exercised is to bring midnight assassins to punishment. The State Journal further says —

We are appalled at the contemplation of what would have been the state of society in Alabama if this criminality had not been arrested if the guilty wretches could one and all have long escaped just punishment with impunity. If our country had not risen in its might, and vindicated the law's majesty social and political chaos would have been our doom

[illegible] would have come thick night
[illegible] led us with the [illegible] smoke of [illegible]

A shrewd scheme of the Missouri Democrats with Gratz Brown at their head, has come to naught. Missouri is entitled to four more than its present number of Congressmen and the State being likely to go Democratic they refused to redistrict it, expecting to elect them all on a general ticket. The legislature had adjourned, when it was ascertained that under the State law there was no provision for electing the four additional electors to which the State was entitled. The Governor called the legislature together to remedy this, when the Senate, which is Republican refused to transact any other business until the State had been redistricted for Congressmen and they have maintained their position so well that the Democrats most unwillingly assent, and the Republicans will probably get at least two more Congressmen by the change

The Boston Journal says "We record with pleasure the renomination of Hon Eugene Hale, the efficient Republican Representative in Congress of the Fifth Maine District. Though one of the youngest members of the House, Mr Hale has taken a high rank both as debater and a practical legislator and he is destined to be of still greater value to his sensible constituents and to the country at large"

A NEW KING OF THE TURF - JOE ELLIOT TROTS A MILE IN 2 15½. In the presence of a few spectators at Mystic Park about noon Saturday, the valuable piece of equine flesh owned by Robert Bonner of New York and named Joe Elliot, made the fastest time ever given the public as that occupied in trotting a full mile. For this feat Elliot was sent on there and everything was done for him that could be by those who had him in charge to carry back to the Bonner stables the track slate with the fastest record upon it. The ribbons were held by J J Bowen and over the planed course Elliot was sent to the best advantage. The one quarter pole he passed and was noted there in 34½, and by the half in 1 07¼. With grand show he came down the home stretch, and under the wire in 2 15½

The judges were C Chase, Albert Worcester, Lon Morris, W W Comee, B S Wright. The time given and recorded is the slowest made by any one timekeeper

'Whatever chastisement may be deserved by our national sins we must hope, that this disgrace and humiliation [of having the democracy restored to power] will be spared us' —HORACE GREELEY

IMPORTANT FINANCIAL OPERATIONS — The Acting Secretary of the Treasury has directed the Assistant Treasurer at New York to purchase $1 000,000 in bonds on each Wednesday and sell $1,000 000 in gold on each Thursday during the month of July — The Acting Secretary of the Treasury has called in $1 510 000 three per cent. temporary loan certificates, dated from August 1 to September 1868 as follows $5000 each of all outstanding numbers between 3857 and 3949 inclusive and $10 000 each, of all outstanding between 2867 and 3949 inclusive. The interest will cease August 31, 1872, on the above certificates

BEN WADE'S SENTIMENTS. Hon Ben. Wade has written a letter in which he speaks as follows in regard to the Democratic party and Greeley. "When a great political party has become so consciously depraved that they feel there is no hope of reform, suicide may perhaps in such case be virtue, and such seems to be the condition of the Democrats at this time. By adopting Mr Greeley as their standard bearer they deliberately admit, if they are honest, that the poorest, weakest, most vacillating and uncertain Republican is an improvement on anything to be found in their own party" Concerning the Republican party he says "To doubt the success of such a party when pitted against the broken cohorts of the old slavery party is an insult to the intelligence and virtue of the American people."

CHARLES FRANCIS ADAMS AT GENEVA. The Boston Journal's Washington special says: "There are insinuations afloat here that Mr. Charles Francis Adams has displayed the opposite [illegible] of the [illegible] character in his relations with the agent [illegible] [illegible] [illegible] if there is [illegible] same antagonism to the mother country which animated that inflexible patriot In deed, when Mr Seward prevailed upon Mr Lincoln to appoint Mr Charles Francis Adams Minister to London rather than Mr Dayton, it so was the President's own choice, the reason which had greatest weight was that Mr Adams had no love for Great Britain. It will be strange if, at this late age, he has displayed any improper partiality for John Bull

"The people of the United States know Gen. Grant—have known all about him since Donelson and Vicksburg, they do not know his slanderers, and do not care to know them —HORACE GREELEY

The banquet given to the Grenadier Guards of London, at the Revere House, Boston, on Friday evening, by the Ancient and Honorable Artillery, was a very brilliant affair — Speeches were made by Governor Washburn, Mayor Gaston, Gen. Banks, Col. Fluyder and Mr Godfrey. The Prussian Band was also received in friendliest hospitality the same evening by the German Turners of that city.

"The true prosperity and greatness of a nation is to be found in the elevation and education of its laborers."—PRESIDENT GRANT

On the Secret Causes of Self Acquired Miseries and Disappointed Hopes.

The popular and scientific Medical Work, "Human Frailty or Physiological Researches" enlarged to 248 pages, and elaborately illustrated with explanatory colored engravings on steel, explains the causes and points out the cure for the Physical Decay of the System, Dormant Vitality, Local and General Debility, Nervous Irritability, Consumption, Indigestion of the most fearful and exhausting kind, Intense Melancholy and Depression of Spirits, and partial or complete extinction of the Reproductive Powers.

An attentive perusal of "Human Frailty or Physiological Researches" will show how these dreadful complaints may be prevented and removed so as to restore the sufferer to the full and permanent enjoyment of Vigorous Health.

MAINE NEWS.

THE HOT WEATHER.

LEWISTON, ME., July 1.

Yesterday the thermometer indicated from 97° to 102° in the shade. It was equal to the hot days of June, 1870.

BRUNSWICK, July 1.

To-day is the hottest of the season. Mercury at 98° in the shade.

FROM PORTLAND.

FATAL ACCIDENT.

PORTLAND, July 1.

An unknown man in attempting to cross in front of the train at Berwick, to-day, was struck by the engine and instantly killed.

DOMESTIC NEWS.

NEW YORK.

RED HOT.

NEW YORK, July 1. The weather last night and to-day intensely hot. The thermometer continues at about 90° to 95°. Reports from Washington represent the heat yesterday as very great.

Long lists of sunstroke victims are published this morning.

STILL HOTTER.

2:30 p. m.—The thermometer in the street in the shade is 101 degrees, and in the sun 133°.

THE CITY PAYS

Mayor Hall signed a bill of private counsel for $5000 as fees in the case against himself and others.

THE "WORLD" ON BALTIMORE.

The World to-day concedes to the nomination of Greeley at Baltimore. It nowhere perceives any respectable bolt against his nomination. That paper will advise nobody to vote for Grant, but as between voting for Greeley and staying at home it has no advice to offer.

THE STRIKES

Some of the strikers yesterday held a meeting and had their grievances talked over. Among others the bakers agitated their troubles, urging the expediency of a compliance with their requirements on the grounds that disease is liable to be contracted from eating bread made under unfavorable circumstances.

LATER. The situation in regard to labor strikes to-day is practically unchanged. In some quarters rumors are rife of negotiations in progress between the strikers and bosses, which promise an amicable solution of the existing difficultie, but the reports lack confirmation. One-half of the metal workers have resumed work at the old rates and hours. It is believed that the rest will go to work after the Fourth.

The furriers have formally acceded to the demand of the workmen for 25 per cent. advance on the present wages.

The longshoremen demand 80 cents an hour for all work done after 6 o'clock. It is probable their demand will be amicably settled.

The strike of the box makers is substantially ended, the men at Green Point having failed and those in this city being generally successful. Nine marble-working firms are employing about 200 men at 10 hours. The other shops remain closed and the men refuse to return. Most of the car-stable men who struck for higher wages have resumed work at the old wages.

There is nothing new relative to the Paterson strike. Meetings are held daily and a compromise is talked of.

RECORD OF RUFFIANISM.

There were a dozen cases of brutal violence yesterday, of which one or two are likely to prove fatal.

In an affray in Park Row last night James Duffy and Wm. McCaffery were shot by Jas. Driscoll and a companion who belonged to a rival Jersey gang. An old feud existed between the clans. James Dawson, an old man, passing by, was also shot. All will recover. Driscoll was arrested.

Joseph Hopkins, a well-known citizen of Brooklyn, was struck down with a paving stone and fatally injured, while attempting to defend his son yesterday from an attack of rowdies. Some of the ruffians were arrested.

Outrages by thieves and rowdies upon street cars are constantly reported. A conductor on the Third avenue line has been arrested for stealing watches. Three were found in his possession.

THE INTERNATIONALS.

The Federal Council of Internationals held a meeting yesterday. The International Congress, to be held in Philadelphia next week, is to seek the establishment of a reunion of all discordant elements in the association. The General Council of London has suspended all the English speaking sections of the United States.

It was announced that the plasterers from the Atlantic to the Pacific would strike for eight hours to-day.

CUBAN FILLIBUSTERS.

The Cubans profess to have news of the successful arrival of the expedition on the Cuban coast. A dispatch says it is believed in Washington that the recent expedition for Cuba taken out on the "Fanny" has successfully landed.

THE REPORTED COMMUTATION

of Lizzie Garrabrant was premature. The case comes before the New Jersey Court of Pardons next Monday.

IN GENERAL.

Secretary Boutwell was in this city yesterday on his way to Washington.

The Times thinks the Senate will make an adverse report in the McCunn case to-morrow.

The estimated cost of the East River bridge is now fixed at $9,500,000.

Ice has been advanced owing to the heat, 20 to 30 per cent. wholesale and 40 to 50 per per cent. retail.

The Grenadier Guards' Band, which sails hence on Saturday next, will give a concert Friday evening for the benefit of the St. George Society.

THE WEATHER.

WAR DEPARTMENT,
OFFICE OF THE CHIEF SIGNAL OFFICER
WASHINGTON, July 1.—7 P. M.,

Probabilities.

The barometer will probably continue falling Tuesday, with southwest winds and increasing cloudiness over the Lakes. The area of highest temperature will move northeastward, followed by cooler weather south and west of New York. Partially cloudy and clear weather will prevail on the South Atlantic and Gulf coasts. The area of rain will move eastward into Northern Canada.—Light local rains will prevail at a few places from Louisiana to Cape Hatteras.

NEW HAMPSHIRE

THE LEGISLATURE.

CONCORD, July 1. The House met at 4 o'clock. The resolution passed last week limiting the speaking to five minutes was reconsidered and laid on the table.

The committee on retrenchment and reform reported a recommendation that the offices of Supervisor of public printing and the Superintendent of public instruction be abolished, which was referred to the committee on judiciary, as was also a bill to prevent fraud at elections.

A bill for an appropriation for the prisoners aid association was indefinitely postponed.

INDIANA

BURGLARY.

INDIANAPOLIS, July 1. Burglars entered the depot of the Indianapolis, Bloomington & Western Railroad at Crawfordsville last night, and drugging the agent, opened the safe and abstracted $1,486.

THE DEPOT SET IN FLAMES.

They also ignited a barrel of coal oil, setting fire to the depot, and then made their escape. The building was badly injured but not destroyed.

MASSACHUSETTS.

ACCIDENT.

LOWELL, July 1. John Farrell, engaged in laying water pipes in this city, had his right leg and foot severely burnt this afternoon by the tipping of a ladle containing melted lead.

LOUISIANA.

KILLED BY LIGHTNING.

NEW ORLEANS, July 1. Three boys, two white and one colored, aged about 12 years, were found dead on Bayonne st., supposed to have been killed this afternoon by lightning.

FINAL ESCAPE OF THE VICTIM!

A MASSACHUSETTS BRIDE FOR A SIOUX.

ST. LOUIS, July 1. The Kansas City Times of the 29th ult. says that Miss Amanda Barber, who married "Squatting Bear," a Brule Sioux chief at Washington in 1867 and went to Dakotah Territory with her husband

AS A MISSIONARY,

arrived on the steamer Fontenelle from Fort Benton Friday last, after spending three years with the Sioux,

SUFFERING GROSS INDIGNITIES,

and being compelled to perform the most menial services. She attempted to escape but was recaptured and beaten nearly to death by her husband and then sold to a Cheyenne chief

FOR THREE PONIES.

She was taken North in 1870 and remained with the Cheyennes until this spring when

SHE ESCAPED

to Fort Benton. Miss Barber left Kansas City Friday for her home at Milford, Mass.

FROM WASHINGTON.

PERSONAL.

WASHINGTON, July 1. Secretary Boutwell has resumed his official duties.

The President is expected to return to Washington in time to hold a Cabinet session on Friday.

THE INTERNAL REVENUE

receipts to-day, the first of the fiscal year, amounted to $1,125,868 in collections. July 1st last year, $715,705 96. In June, 1871, the collections were $13,222,000. In June, 1872, the collections were $13,089,000.

INDIAN TROUBLES.

Lieut.-Col. Davidson writes the Secretary of the Interior under date of Camp Supply, June 3d, that the main camp of the Cheyennes and some 200 Kiowas intend to depredate along the road from Camp Supply to Arkansas. He suggests that in view of the anticipated junction of the Cheyennes and Kiowas for raiding purposes, a telegraph be run from Fort Hayes to Fort Dodge.

Indian Agent Tappan writes from Fort Berthold, Dakota, that there have been unusual movements among the Sioux near that agency and some 7000 lodges of hostile Indians were concentrating about 80 miles from the fort, evidently bent on mischief.

FALSE REPORT.

Gen. Augur telegraphs from San Antonio, Texas, that there is not a word of truth in the report of the killing of Gen. McKenzie's party. McKenzie was at Fort Griffin a day later than the reported massacre.

TRIAL OF EDWARD S. STOKES.

THE MURDER OF JAMES FISK, JR.

NEW YORK, July 1. The Stokes trial was resumed this morning. There was a large crowd present and hundreds were turned away. A commission was issued at the request of the prisoner's counsel, to examine a witness in Rhode Island.

The first witness, was H. D. Corley, who testified to being in the hotel, hearing shots fired and heard some one say, "Nobody helps me." Saw a man near the head of the stairs who said "There is a man shot." The man wore a white coat and black silk hat. Witness found Fisk wounded at the foot of the stairs. Afterwards saw the man in the white coat confronted with Fisk and identified by the latter. Shortly after a lady gave him a pistol she found on the floor, which witness gave to Mr. Crockett.

On cross-examination the witness said he was parlor-man at the hotel. He and Mr. Custis helped Fisk up stairs, being assisted by a man who came in from Broadway. The man who said "there is a man shot," appeared quite cool and was walking at an ordinary gait. The pistol handed him by Miss Hall was a silver-plated, white-handled six-shooter. The pistol produced by Coroner Young was here handed to witness. It has a brown, wooden handle, and has only four chambers. Witness was positive that it was not the pistol handed him by Miss Hall. This excited considerable interest.

John Marshall, Fisk's valet, identified the clothes worn by Fisk, which were produced, the cape showing four bullet holes. Witness said Fisk made his headquarters at Josie Mansfield's and Josie sent witness to Fisk when she wanted money.

Miss Grace Hall testified to finding a pistol in the parlor. She failed to identify the pistol shown in court, but was positive the one found did not have a white handle.

After the recess Dr. James R. Wood testified to attendance on Fisk, the character of the wounds and the process of probing, which was unsuccessful.

"The District Attorney asked what was the cause of the Colonel's death. The Doctor could account for it in no other way but by the shock to the system. He died the Sunday morning after the shooting. There was peritonitis, but not enough to cause death—I remained in the room; did not probe beyond the walls of the abdomen; no one, but a crazy man would consider it malpractice; Fisk was very anxious to know whether he was going to die; I ordered his will made; can't say he wandered in his mind; was present at the post mortem examination; was interested in it because the brain was so large; the heart was also large; the shock to Fisk was both from the effect of the wounds and mental excitement; coma always results from peritonitis; as a rule the head is not affected in simple peritonitis; I saw him at half past eight and he was not then insensible; he died at 11 o'clock; I was not present at his death.

Question—Did not death ensue too soon after the wound to be the effect of peritonitis?

Answer—I think so.

The court adjourned until morning.

PENNSYLVANIA.

WARM.

PHILADELPHIA, July 1. The thermometer is 98 degrees, the hottest of the season.

THE WILLIAMSPORT STRIKE.

WILLIAMSPORT, July 1. The mill and boom men who struck for ten hours met in Market Square this morning and were addressed by several speakers. At 11 o'clock some 2000 strikers formed in procession and marched down town to a few mills in operation and persuaded the men to join them.—This afternoon they marched to the mills up town. There was no disturbance. The Mayor has issued a proclamation ordering all places where liquor is sold to be closed until after the Fourth.

OHIO.

THE FOURTH.

CINCINNATI, July 1. There are great preparations for the celebration of the Fourth at the National Soldiers' Home at Dayton.

THE WHEAT HARVEST

is already fairly underway throughout Ohio. Although the crop is thinner on the ground than usual, the heads are unusually heavy and well filled. The weather is extremely hot.

NEW JERSEY.

THE TURF.

LONG BRANCH, July 1. Fifteen thousand people are now here and all the hotels are full. The excitement over to-morrow's race is intense. Prominent sporting men from all parts of the country are present. In the race for the Monmouth cup Harry Bassett has the call. The betting men are very shy. John Morrissey attempted a pool, bidding $1500 on Harry Bassett, $1000 being bid for Longfellow. This pool was withdrawn and the following pools were sold: Bassett $700, Longfellow $465; Bassett $600, Longfellow $435; Bassett $500, Longfellow $330.

KANSAS.

TOPEKA, July 1. Trains will commence running to Raymond to-morrow. Large cattle yards are being built there and it is reported that 45,000 cattle are awaiting shipment.

ILLINOIS.

CHICAGO, Ill., July 1. Notwithstanding the fact that Customs Collector McClean recently tendered his resignation at the request of the Secretary of the Treasury, to take place to-day, his successor is not yet announced. Rumor says that his successor will be Hon. N. B. Judd, but that official has received no notification of his appointment and there are no prospects of a change.

THE GENEVA ARBITRATION

THE COURSE OF PROCEEDINGS.

Geneva, June 30. [N. Y. Herald's special.] The mode of proceeding on direct claims has not yet been ascertained, but it seems probable that the Court will consider seriatim the character of the Confederate cruisers and accordingly as they determine the character, adjudge England responsible or not for the depredations of one or all of these ships.

THE AWARD OF DAMAGES.

The character of the ship being thus determined, the Arbitrators will next consider the award of damages, and on this point will probably confer freely with the counsel of either side. Should the views of these not too widely differ as to the amount of the indemnity, the Court may name a gross amount between the two estimates.

IN CASE OF DISPUTE.

If there should be no hope of reconciling the conflicting estimates the Court will refer the award of damages to Assessors provided by the Treaty and so conclude their labors.

THE SAN JUAN QUESTION.

Now that the arbitration goes on at Geneva it will likewise continue on the San Juan question at Berlin. Prince Bismarck will appoint distinguished international lawyers to decide the question.

MISS NELLIE GRANT

is staying quietly at Geneva. She leaves on Monday for Chamounix, thence going by the way of Martigny and Vevey to Berne.

CONFIRMATION.

NEW YORK, July 1. Geneva and Berlin despatches confirm the statements of special despatches from those points relative to the future proceedings of the Tribunal and the arbitration in the San Juan question.

FROM BOSTON.

SUDDEN DEATHS.

BOSTON, July 2. Lewis Bement, a well-known portrait painter of this city, died at Swampscot yesterday from the effects of bathing while heated. There were two deaths in Boston yesterday from sunstroke.

THE LABOR PARTY

has decided on a conference at the Germania assembly rooms, New York, Tuesday forenoon, July 30, Judge Davis and Gov. Parker having declined their nominations.

Judge Davis' letter has already been published. Governor Parker, of New Jersey, writes under date of June 28, declining the nomination for Vice-President, as he must abide by the Democratic National Convention.

RECEPTION OF THE IRISH BAND.

The intense heat continues to-day, notwithstanding which there was an imposing show of Irish societies and military in procession to receive the Irish Band, and crowds gathered along the route cheering heartily. The Mayor briefly welcomed the band at City Hall, and subsequently a collation was provided by the city at the Parker House.

THE WORLD'S PEACE JUBILEE

THE IRISH DAY.

BOSTON, July 1. Co. F., 2d Regiment Pennsylvania National Guards, which arrived this morning, attended the concert this afternoon in company with officers of the Ninth Regiment. The day which was announced as peculiarly devoted to the Irish, drew an audience of only 20,000, owing to the fatigues of the morning's reception of the representative band of their nationality.

THE PROGRAMME.

A fantasie from Faust by the French band, the astonishing accomplishment of Peschka Leutner in "The Queen of the Night," from the Magic Flute, which she has not sung before, the assertions of the profound critics notwithstanding, and the performance of the Irish band under Clements, were the popular features, though the English and German bands were received with great favor.

THE IRISH MUSICIANS

showed their skill under an accomplished leader who had had them in training but a short time and were kept on the stage for nearly an hour without exhausting their repertoire of numbers calculated to inspire the audience beyond their disposition to confine themselves to their seats.

THE ENTHUSIASM

was immense and overtopped that of the anvil chorus with its guns and strikers.

"THE HARP THAT ONCE THROUGH TARA'S HALLS,"

was sung by the chorus and audience and the Grenadier Band re-awoke the enthusiasm by performing in fine style the Oberon overture, and on the encore several Irish, English and American favorites. The Don Juan overture by the German band was also favorably received.

HORACE GREELEY

will attend on Wednesday, the Irish-American day.

THE ENGLISH RESIDENTS

gave a banquet to the band of the Grenadier Guard this evening in Faneuil Hall. Four hundred plates were laid and speeches made by Mr. E. M. Watson, the President, Colonel Fludyer, Dan Godfrey, Mr. M. S. Creagh, Agent of the Inman line, General Frank Palfrey, Mayor Gaston, Gen. Schouler Herbert Radclyffe and others, and a letter was received from Sir Charles Doyle of the New Dominion. The occasion was one of unalloyed enjoyment and its sentiment promotive of peaceful international feeling.

THE FREE BALL

given by the Executive Committee to the chorus, is now (midnight) at its height, with one-third the attendance of the grand international ball. Strauss has conducted one waltz, the "Blue Danube," and the French and German bands have performed some excellent music. The list of the dances and music of the first ball are followed almost to the letter, but there are very dancers among the singers, if the floor and its management are a criterion.

ARKANSAS.

LITTLE ROCK, Ark., July 1. Last Wednesday at Fort Smith, Frederick Grasse struck Ann McGrew, a dress-maker, on the head with a bar, felling her to the earth, and thinking she was dead he shot himself through the heart. Jealousy was the cause.

FOREIGN NEWS.

London, July 1. Arrangements have been made by the American Club of Liverpool for a fine celebration on the 4th inst.

INVITED GUESTS.

Bishop of Manchester, Dean of Chester, John Bright, and Mr. Rathbone are invited to attend the dinner.

THE DOMINION.

—Workmen have nearly completed the job of covering the railroad bridge at Mattawamkeag.

—Leslie's Boston Comedy Company will give a performance in Norombega Hall on the afternoon and evening of the Fourth. They are sure of full houses.

—A daily mail commenced running between Mattawamkeag and Medway yesterday, in charge of Mr. Edgar Bailey of the Express stage line.

—The Society for the Prevention of Cruelty to Animals holds a meeting at Capt. Warren's office, No. 1 Main st., at 2½ o'clock this afternoon.

—The citizens of Brownville are to celebrate the Fourth of July, and Hon. T. W. Vose of this city has accepted an invitation to deliver an oration on the occasion.

—We notice the name of one of our former townsmen, Mr. P. S. Warren, on the list of passengers on the steamer *India*, for London June 20th.

—Nearly a dozen cargoes of wood paving blocks, cut and Burnettized at the Eastern Burnettizing works in this city, have been shipped to Boston and Washington this season.

—A private note from Pea Cove states that during a heavy shower which passed over that place on Sunday afternoon, the lightning struck twice, shattering a large tree each time.

—Two engines were off the track on the E. & N. A. Railway, the shifting engine at High Head, and the "Elliot" near Orono, so that the Stillwater train, which usually makes four trips daily, made none.

—A young man on the West Branch drive now coming down the Penobscot, has a tame owl which he captured at South Twin lake and trained so well that it follows him wherever he goes.

—"Nopen" writes that during the past eleven days in June [illegible] 4911 [illegible] of lumber were [illegible], and during the first eight days 27,288 last blocks and 200 M of shingles were forwarded.

—A side track has been laid [illegible] the E. & N. A. [illegible] better accommodations for getting the lumber from the mill of Haynes & Jenkins in Chester, and the mill of the Messrs. Webber in North Lincoln, now occupied by N. R. Houston.

—Jeanette McKeay, a little daughter of Mr. Keay residing on Boyd street, fell from a window yesterday to the ground, a distance of fourteen feet, but strange to say escaped without serious injury.

—The ladies of the Baptist society of East Corinth will hold a Strawberry Festival at Nichols' Hall in that place this evening, when an entertainment will be given, consisting of pantomines, statuary, tableaux, music, etc. A table of fancy articles will also be on sale.

HOLYOKE MUTUAL. Mr. S. P. Johnson Agent for the Holyoke Mutual Fire Insurance Company of Salem, Mass., has taken an office in Schwartz' new block. This company paid losses to the amount of $130,000 in the Portland fire without making an assessment.

—Another jigger was demolished by an engine yesterday on the E. & N. A. Railway track at the crossing near Roberts' wharf. The tender of the engine was thrown off by the collision, and the engineer barely escaped impalement by a plank which was forced through the cab window.

—At Medway, a few days since, Fred S. Poor, 15 years of age, son of Eben S. Poor, esq., of the firm of H. Poor & Sons, accidentally shot himself in the leg with a pistol, inflicting a painful but not serious wound just above the ankle. The bullet was cut out by Mr. Jos. Twitchell of Oldtown, and the patient is doing well.

—We understand that Messers. Lewis F. and Guilford D. Stratton of Mattawamkeag, and James Crowell of Orono have purchased the Mattawamkeag House of Mr. Fred McLaughlin, paying $5,000 for the real estate, and $3,500 for the personal property, at the appraisal of Messrs. R. S. Prescott and G. W. Merrill of this city. Mr. G. D. Stratton is now running the hotel.

—A note from our Winn correspondent states that the high wind which accompanied the heavy shower Sunday did considerable damage in that vicinity. A building used for a slaughter house was blown over, and a new house owned by Mr. B. M. Griffin was considerably damaged. The lightning struck in several places near the village, but injured nothing but trees.

—Howes' great London Circus and Sanger's English Menagerie of trained animals will exhibit in this city in a few weeks. The press in Boston, where the establishment has been exhibiting a short time lately, speak in the highest terms of it. The street parade is said to be the finest ever made in this country, while the show under the canvass is rarely equalled.

Our Winn correspondent writes that Mr. J. A. Smart, contractor, with a crew of one hundred and fifty men, passed that place on Saturday with the West Branch drive of sixty-five million feet, augmented by twenty-five million feet more from the Mattawamkeak, Salmon stream and other drives. The main Mattawamkeag has been completely cleared of logs this year—something unusual.

—Mr. Gale, the Health Officer, has caused the water in the well in the rear of City Hall to be tested, and, as has been for some time suspected, it was found to contain large quantities of matter so extremely deleterious to health as to be almost poisonous when taken into the system. As a large number of persons procure water from this well the fact should be generally known.

—Mr. Charles Murray, formerly telegraph operator at Mattawamkeag, has been appointed by the E. & N. A. Railway Co., station agent at Lincoln in place of George Cutler, whose mysterious disappearance has been the subject of much wonder and conjecture. The last heard of him he was in Boston and since May 28th nothing has been heard from him, nor can any trace be obtained of his whereabouts.

—Of eight men drowned in Ipswich Bay in the storm of June 6, two bodies only have been recovered. One has been recognized as the body of Mr. Hiram Stubbs, only son of Jefferson Stubbs, esq., of Hampden, and mate of the schooner *M. M. Freeman* of Camden; the other was about five feet four inches in height, habited in dark brown matched suit, with brown woolen shirt and button boots, and is supposed to be the body of one of the crew of the schooner *Jane*, of Boston.

A RICH FEAST is in store for concert-goers in Eastern Maine and the Provinces next month, which deserves far more than the brief passing notice we are able to give it to-day. Mr. L. A. Torrens, the talented and energetic musical director and instructor has engaged some of the best musical talent ever brought into the State for a concert tour, which will commence with two concerts in Norombega Hall on the evenings of August 19th and 20th. The vocalists are Miss Annie Louise Cary, the celebrated Prima Donna contralto; Mrs. H. M. Smith of Boston and Mrs. J. A. Crowell of this city, the favorite soprani; Mrs. E. T. Wasgatt of this city, well known as a fine contralto; Mr. James Whitney of Boston, pronounced by musical critics the best tenor in New England; and Mr. H. C. Barnabee of Boston, basso and humorist, to whom our citizens need no introduction. For the accompaniments and instrumental music the full Germania Band has been engaged by Mr. Torrens, who proposes to do nothing by halves, as may be seen by the list of talent we have given above. On the 21st of August, a concert will be given by this company in Calais, and on the three following evenings of the week at Fredericton, N. B. The next week will be spent in St. John, N. B., where a series of concerts will be given in the new Academy of Music [illegible], returning by the way of Eastport and Calais, and giving a concert in each place.

WAS IT A MURDER?

BODY FOUND IN A BROOK NEAR VANCEBORO'—THE SKULL CRUSHED AND OTHER INDICATIONS OF FOUL PLAY.

Mr. Frank W. Cram, General Freight Agent of the E. & N. A. Railway, informs us that on Saturday last a number of men employed in the woods about twelve miles from Vanceboro', peeling hemlock bark for Mr. Samuel Hayward, found the body of a man lying partly in the water near a bridge over the outlet of a small lake near the Woodstock road. The remains were in such an advanced state of decomposition that it was impossible to identify them by any features or marks. The upper part of the head was entirely denuded of hair, skin and flesh, and over the frontal bone the skull was chrushed in, apparently by a blow from some heavy blunt instrument, which left a jagged hole almost large enough to admit the insertion of a man's hand. One of the pockets of the trousers on the body, was turned wrong-side out, and not far from the spot where the corpse lay was found what seems to have been a pedlar's pack or knapsack with nothing in it.

The men who found the body think, and such seems to be the general opinion, that the deceased was a travelling pedlar and was murdered and robbed.

POLITICAL AND PERSONAL.

The "Missouri Republican" and Cincinnati Commercial have evidently become frightened at the prospect that Greeley's adoption by the Democrats will disgust the Republicans, and they now urge the Baltimore Convention to make no formal nomination at all.

The Traveller says: Our local Greeley organ does not forget that it once occupied the same position toward Andrew Johnson, and it rises in haste to defend him from the imputation of having stolen the missing Buell records, and says:—"The probity and integrity of Andrew Johnson in office are noted," and this attempt to asperse his character is "simply atrocious." Won't the Post publish what its present Presidential candidate has said of its old Presidential friend?

A Western Democratic organ says: We appeal to the delegates to Baltimore to study the circumstances, ascertain the facts, and make up their determination accordingly. To our mind the delegates from Kentucky are virtually instructed against Greeley, by the direction to adopt that course which shall most likely concentrate opposition to Grant. White there may be 500 Greeley Republicans in the State, there are probably 20,000 Democrats who will not vote for him.

The Louisville Ledger, Democratic, speaking of Greeley, says: What are the Democracy to gain by nominating him? There is not a neighborhood in the United States in which a dozen Democrats can not be counted who announced their purpose fixed to refuse to vote for him under any circumstances. As the case now stands, he will unquestionably lose three, if not five, Democratic votes for each Republican who will support him. If this is to be the case at the election, and the Democratic Convention shall nominate him, we have assured to us not only defeat, but disgrace—a cowardly surrender of the principles which we claim to be paramount to all personal considerations with no compensating results.

NEW PUBLICATIONS.

LITTLE GRANDMOTHER. The fourth volume in the Little Prudy's flyaway stories bears that name and cannot fail of a merited appreciation among the little folks. Lee & Shepard, publishers, Boston. For sale by D. Bugbee & Co.

THE LIFE OF HORACE GREELEY, written by L. U. Reavis, with an introduction by Cassius M. Clay, is a work of five hundred and seventy-one pages, with an appendix. It begins with the boyhood of the man and traces up his life to the present day. The book is published by G. W. Carlton & Co., N. Y., and is for sale by D. Bugbee & Co.

A clerical gentleman in the Congregational State Conference at Skowhegan in an address on the power of music, said that the song of "John Brown's soul is marching on" and "Rally round the flag, boys" had helped the "boys in blue" to conquer the rebellion, and may aid in re-electing our President. Such a remark was highly improper and should call forth from our late Bourbon sheets such vehement denunciations as did pulpit prayers for the success of the Union arms in 1864. But the conduct of the large audience present, which forgetful of the occasion, broke out in general applause, cannot be too severely rebuked. We trust our Democratic exchanges will administer the deserved castigation.—[Portland Press.

THE ALABAMA DAMAGES. A Washington special says a new question has arisen here in regard to the settlement with the claimants under the treaty of Washington. Some of the law officers of the Government hold that in case the abitrators should now decide to award a sum in gross, the insurance companies which hold the largest share of claims cannot rightfully take precedence before the Government, since they at the time of taking the risk received pay for the same. Individual claimants might receive a suitable sum from the amount recovered, but the insurance companies are regarded as standing on another basis, and that the Government has much stronger claims, backed on expenditures in pursuing the rebel privateers.

The New York Tribune claims that "twenty-eight States have in their Democratic Conventions, with varying emphasis, joined the Liberal movement." These States will have 620 votes in the Convention. As the whole number of votes is fixed at 732, Greeley will have—conceding the veracity of the above statement—132 votes more than two-thirds on the first ballot.

The New York Times says: "It would be dangerous for us to criticise Senator Schurz's "position," but the following definition of it comes from his friend, the Nation, and perhaps we can quote it without bringing down a thunderbolt on our heads: 'Mr. Schurz closed the proceedings with an explanation of his own position, which is this: that he, more than any other man, was chagrined by the result at Cincinnati; that he does not consider Mr. Greeley a reformer, and has no expectation of any reforms at his hands, and will say so on the stump; that he believes him to be surrounded by bad men; that he, (Mr. Schurz) however, is so satisfied of the necessity of defeating Grant and dissolving existing party organizations, that he is ready to use any instrument for this purpose, and will, therefore, support Greeley in the modified and guarded manner indicated above.' It seems to us that a 'statesman' who recommends the people to elect a President who is surrounded by bad men, and who is incapable of carrying out any reform, is not much entitled to the respect or confidence of the community—but Mr. Schurz has a special standard of morality of his own, and it would be frightful presumption on our part to demur to it.

The N. Y. Times continues its exposures of the Tammany frauds perpetrated while Gov. Hoffman was Mayor of New York, amounting to $4,000,000, the warrants for which he signed himself, or were signed by Mr. Coman in his stead. The Committee of Investigation appointed by the Board of Supervisors in their report, say that the amount paid by these warrants was twenty times the value of the materials. The bills and vouchers all lack the necessary verification.

A terrible earthquake is reported to have destroyed the large seaport town of Hamada, Japan, and the loss of life is estimated at five hundred.

GOLDSMITH MAID IN PROSPECT PARK.—The trotting match at Prospect Park Thursday, for a purse of $5000, mile heats, best three in five, was divided as follows: $2,250 to the first, $1250 to the second, $1000 to the third, and $500 to the fourth. The entries were Goldsmith Maid, Lucy, Henry and the American Girl. The American Girl was withdrawn, being lame. The first heat, after five or six false starts, the horses got off on even terms. At ¼ pole, which was made in 34½ seconds, Goldsmith Maid led Lucy a length—the latter a length ahead of Henry.—At the half-mile pole, which was reached 1.08½, the horses preserved the same relative distance. Shortly afterwards Henry was on even terms with Lucy, and for some distance the second and third horses were lapped, the Maid easily preserving the lead. Before the three-quarters poll was reached, in 1.41, Henry had passed Lucy and kept his position until within a short distance of the stand, when Lucy passed him and won the second place by a short head, the Maid taking the heats easily, and under a hard pull was three lengths ahead of her. Time, 2 17½. In the second heat there was again five or six false starts, but at last the horses got off on even terms. The Maid soon went to the front and at the quarter-pole, which was reached in 34 seconds, was two lengths ahead of Lucy, Henry bringing up the rear. Half way to the half-mile Lucy broke badly and was passed by Henry, who in turn broke, but lost little ground thereby. The half-mile was passed by Goldsmith Maid in 1.08, four lengths ahead of Lucy, with Henry third. The Maid increased her lead to five lengths at the three-quarters pole in 1.42½, when Henry, who had improved his position led Lucy three lengths. The latter again put on steam and at the completion of the mile was a length ahead of Henry, the Maid again winning the heat three lengths in advange of Lucy. Time 2.13. The third heat was for a square trot by all horses from end to end. The Maid led Lucy one length at the quarter in 34 seconds, the latter being two lengths ahead of Henry at the half mile, which was accomplished in 1.08. The Maid preserved her distance from Lucy, while the latter led Henry three lengths. At the three-quarter pole, in 1.43, the Maid was still two lengths in advance, while Henry was four lengths behind Lucy. The Maid finally won easily by four lengths, Lucy taking the second place and the money by five lengths from Henry. Time, 2.17½.

BEST TIME FOR CUTTING GRASS.—We have looked over the pages of the last report on Massachusetts Agriculture, in order to learn some of the opinions of those who engaged in the discussions on this subject last winter. Some of them are as follows:

Prof Chadbourne.—My opinion and belief is, that the best time to cut grass is when it is well in blossom. Just as the blossom comes out, just as the seed begins to form, is the time when the nutritive material which the plant furnishes is mainly in the plant, and is best distributed in it.

Mr. Johnson.—Had for 16 years got his hay into the barn on the same day in which it was cut, and with excellent success.

Dr. Loring.—Is sure that the time when the plant has reached that point of economy to the farmer and of the largest nutrition to the animal which consumes it, is just exactly the point of time which Prof. Chadbourne has specified; that is, the time of leaving the blossom and going into the process of making seed, has taken up the nutritive elements of the plant.

At a discussion in the Maine State Board of Agriculture, these opinions were expressed by many excellent farmers.

A careful observation in regard to the best time for cutting, long ago convinced us that the time specified by Prof. Chadbourne, is the true time. We cannot fix upon any date in which to do this work, because the grasses are not all in the same condition at any particular date.—[N. E. Farmer.

WEBSTER
Pure Warm Air
FURNACE.

This new Furnace, having been THOROUGHLY TESTED, for the last five years, in New York, Massachusetts, Connecticut, New Hampshire and Vermont, and in this city the past winter, with the most flattering results, is now offered to the public of Bangor and vicinity with increased confidence in its merits.

THE ADVANTAGES OF THIS FURNACE

consist in its great radiating surface, whereby a large quantity of air is heated to a moderate degree of temperature, and delivered into the rooms with its vitality unimpaired.

Its Quickness of Operation.

A current of warm air issues almost immediately on starting or replenishing the fire, while in most other furnaces no warm air is obtained from them until the thick iron plates, or brick walls enclosing them are themselves well heated. To heat a house of eight or ten rooms most furnaces consume from nine to twelve tons of coal, while the Webster Furnace, to do the same work, needs only from four and a half to six and a half tons.

THEIR CONSTRUCTION

is such that the air is kept pure and not burned, and by means of a new patent double case, all the heated air is saved to warm the house above: not a particle of it is wasted in the cellar or allowed to pass off in the smoke pipe.

Those in want of a first class furnace are respectfully invited to call and examine the WEBSTER, and hear what reliable men of this city say who have used them.

SIR ROBIN

BY LUCY LARCOM

Rollicking Robin is here again,
What does he care for the April rain?
Care for it? Glad of it. Doesn't he know
That the April rain carries off the snow,
And coaxes out leaves to shadow his nest,
And washes his pretty red Easter vest,
And makes the juice of the cherry sweet,
For his hungry little robins to eat?
"Ha! ha! ha!" hear the jolly bird laugh,
"That isn't the best of the story, by half!"

Gentleman Robin, he walks up and down,
Dressed in orange tawny and black and brown;
Though his eyes are so proud and his step so firm;
He can always stoop to pick up a worm,
With a twist of his head, and a strut and a hop,
To his Robin-wife in the peach tree top,
Chirping her heart out, he calls: "My dear,
You don't earn your living! Come here! Come here!
Ha! ha! ha! Life is lovely and sweet,
But what would it be if we had nothing to eat?"

Robin, Sir Robin, gay vested knight,
Now you have come to us, summer's in sight,
You never dream of the wonders you bring,
Visions that follow the flash of your wing.
How all the blossoming by and by
Around you and after you seems to fly
Sing on or eat on, as pleases your mind;
Well have you earned every morsel you find.
"Aye! Ha! ha! ha!" whistles Robin. "My dear,
Let us all take our own choice of good cheer!"

A Michigan woman recently put her infant child in a tub of water, then stuffed a feather-bed over it, and surmounted the whole with herself. The child smothered with great facility.

Two boys squeezed through a six-inch crack and escaped from the Tombs the other day. A third got through all but his head, which was not large enough to keep him out, but too large to let him out after he was once in.

Ladies with fresh complexions and cherry lips and cheeks are appropriating to themselves the folded white lawn neckties gentlemen wear on full dress occasions. A standing frill of Valenciennes is added around the neck and on the pointed ends of the cravat. This is stylish and becoming to fair young faces.

The leading feature in the Overland Monthly for July is a most audacious but clumsily managed literary theft. In an article on the "Tichborne Dole," the writer has coolly appropriated a long description of the English country gentleman of the seventeenth century, from Maculay's History of England.—Ex.

1st MORTGAGE BONDS.

Issue Only $12,500 per Mile.

THE ROAD NOW EARNING NET, NEARLY DOUBLE ITS ENTIRE INTEREST OBLIGATIONS.

THE LEADING POINTS IN RELATION TO THESE BONDS ARE AS FOLLOWS:

The Stockholders have built a first class road and equipped it in a first class manner, *mainly with their own money.*

They have built their road through one of the richest portions of the State, where all the old roads into Chicago are earn over $10,000 per mile per annum, and are paying large and regular dividends.

They have built the shortest road to the celebrated Block Coal Mines, whose products have large and increasing market in Chicago, in the manufacture of iron, as well as for domestic uses.

The road is already earning so large an excess of its interest liability that its Bonds are safe beyond contingency.

The amount of the mortgage is very moderate, being only about $18,500 per mile.

While Railroad Bonds may be plenty, those upon profitable lines, and for so small an amount, are seldom in the market.

Over $1,300,000 of these Bonds have been sold in a few weeks to Trust Companies, Savings Banks, trustees of estates, and the most careful private investors, and but a small amount remains, for which early application should be made.

That as only a small amount remains unsold, parties who want them should make immediate application.

The Bonds are for $1,000 each; have forty years to run, and bear interest at the rate of 7 per cent. per annum, payable on the first of April and October, both principal and interest being payable in gold in New York.

Price .90 and Accrued Interest.

We do not hesitate to recommend these Bonds as unusually safe. They are attended with none of the uncertainties of projected enterprises, and the prompt payment of the interest, and the final payment of the principal, are as certain as any future financial event can well be.

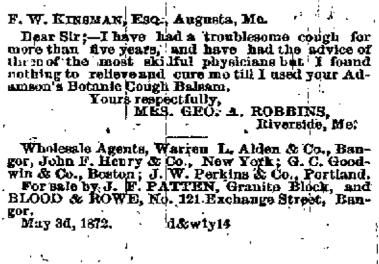
MISS SAWYER'S SALVE.



HERE you have a salve combining soothing and healing properties, with no dangerous ingredient. A remedy at hand for the many pains and aches, wounds and bruises to which flesh is heir. Is more easily applied than many other remedies, never producing a bad effect, but always relieving pain, however severe.

It is prepared by *Miss Sawyer,* who has used it in her own extensive treatment of the sick, for nearly twenty years, with great success.

The principal diseases for which this salve is recommended are, *Chilblains, Rheumatism, Piles, Scrofula, Old Ulcers, Salt Rheum, Sprains, Burns, Fever Sores, Felons, Pimples, Erysipelas, Sore Eyes, Barber's Itch, Deafness, Boils, Ring-worms, Corns, Bites of Insects, Cancers, Toothache, Ear-ache, Sore Nipples, Baldness, Swollen Breasts, Itch, Scald Head, Teething, Chapped Hands, Scalds, Cuts, Bruises, Croup, Cracked Lips,* and *Sores on Children*

It never fails to cure Rheumatism if properly applied. Rub it on well with the hand three times a day. In several cases it has cured palsied limbs. For *Piles* it has been discovered to be a sure remedy. Persons that have been afflicted for years have been relieved by a few applications. For *Erysipelas* it works wonders, allaying the inflammation and quieting the patient. For *Chapped Hands* it produces a cure immediately. Let those with *Salt Rheum* obtain this Salve, and apply it freely, and they will find it invaluable. It is good in cases of *Scrofula* and *Tumors. Cancers* have been cured with it. The best Salve ever invented for *Swollen Breast* and *Sore Nipples.* No way injurious, but sure to afford relief. *Sore* or *Weak Eyes*—Rub it on the lids gently, once or twice a day. Cures deafness by putting in the ears on a piece of cotton. For *Felons* this is superior to anything known. For *Pimples* this acts like a charm. For *Burns* and *Scalds,* apply the Salve at once and it gives immediate relief. For *Old Sores,* apply once a day.

Not among the least of the invaluable properties of MISS SAWYER'S SALVE are its beneficial effects on the hair. Rubbed on the scalp, in five or six different parts, it promotes the growth of the hair, prevents it turning gray, and on bald spots it produces a new growth of hair. No lady should be without this invaluable article as an indispensable cosmetic for the toilet. It eradicates dandruff and disease from the head, and blotches and pimples from the face.

From Mrs. ELIZABETH COOMBS, Brunswick.

Brunswick, April 4, 1867.

MISS SAWYER: I received your letter last evening, and was very glad you concluded to let me take your Salve. I think I can do well with it, and it will be quite an accommodation to my husband, *as he cannot get along without it.* He has tried everything else and has never found anything that healed his leg as that Salve of yours, and we have both found it to be *all, and even more, than you recommend it to be.* We have had it in the family five or six years, and have used it for everything, and can *truly say we have never found its equal.* I use it for a weak back, and it acts like a charm. Mr. Coombs has had a *Fever Sore on his leg for thirty years,* and *would be a cripple to-day, if he had not found a remedy in your Salve.* It keeps it healed, and takes out the inflammation, proud flesh and swelling, and does for him all that he can ask. I can recommend it for a good many things that you have not, for I use it for everything. I consider it invaluable in a family. If you can put this testimony together, and it can be of any service to you, you are welcome.

Yours, &c., ELIZABETH COOMBS.
